Play for P.I.N.K. (Prevention, Immediate diagnosis, New technology, Knowledge), or PFP, is a 501(c)(3) grassroots organization dedicated to raising funds for breast cancer research through sporting and lifestyle events. PFP's commitment is to contribute 100% of all proceeds to its sole beneficiary, the Breast Cancer Research Foundation (BCRF), to fund the world's top researchers. PFP donated \$5 million to BCRF in 2022 and is currently supporting 16 research projects. Since 1996, PFP has raised nearly \$75 million for breast cancer research. Visit playforpink.org to learn more.

Breast cancer is a complex disease with no simple solution. Research is the key to stopping it in its tracks. Founded in 1993 by Evelyn H. Lauder, the Breast Cancer Research Foundation is the largest private funder of breast cancer research in the world. We invest in the best minds in science—from those investigating prevention to metastasis—and foster cross-disciplinary collaboration. Our approach accelerates the entire field and moves us closer to the answers we urgently need. We can't stop now. Join us in fueling the world's most promising research. With you, we will be the end of breast cancer. Learn more and get involved at BCRF.org.

Thank you to our COTA supporters!

WELCOME

Good evening and welcome to the 2023 Challenge of the Americas presented by THE PINK HATS! Your support of the fight against breast cancer is so important, and very much appreciated. To date, your donations have totaled over \$2 million. The Challenge Committee—in conjunction with Play for P.I.N.K., the Breast Cancer Research Foundation, the riders and our sponsors—thank you.

Everyone here tonight knows someone who has been diagnosed with this terrible disease. My mother, Jean Cruse, lost her battle and is the reason the Challenge of the Americas is here today. This event was created in her memory, but it is you who made it a success.

And we must not forget the horses, the magnificent creatures that have tolerated the noise, the lights and the cheers to perform quietly and calmly for men and women around the world. They recognize that they too, are a very special part of a very special evening.

Please enjoy this wonderful night of musical dressage and jumping created to assist Play for P.I.N.K. in their efforts to prevent and find a cure for breast cancer.

Sincerely,

Mary Ross
Chairman
Challenge of the Americas

Science + Love. Helping Horses Thrive.

Our Purina PhD Nutritionists tackle problems using science. And our love of horses keeps us at it until we get it right. Even with our most established feeds, we keep innovating. Even when it takes years of research, we don't stop until it's right. We're dedicated to the scientific method, but it can't capture the feeling of seeing a horse reach their full potential. It takes science and love to help your horse live their best life.

Put our research to the test at HorseInnovation.com

LAURA GRAVES

I HAVE BEEN BEYOND THRILLED WITH THE RESULTS SINCE SWITCHING MY HORSES TO CRYPTO AERO WILD FORAGE.

In particular, I have found that my horses coming in from Europe are so much healthier and happier. We used to have occasional upset stomachs and leaky gut. But since making the switch – nothing but happy ponies! My absolute greatest concern is their health. As international athletes, my horses and I are subject to strict drug testing.

I can rest easy, knowing that Crypto Aero is 100% safe and clean.

THANK YOU FOR THE MUSIC

Choreographers and Coaches

Terry Ciotti Gallo

Klassic Kur
**Team PURINA Choreographer
and Coach**

Terry's broad and colorful history in sports, dance and music led to the establishment of *Klassic Kur* in 1989. Her freestyles have been in seven Olympic Games, World Equestrian Games and hold two World Cup titles. Terry has been a member of the USDF Freestyle Committee (six years as its chair), the USDF Judges Committees, recipient of the USDF Volunteer of the Year award for her work on the freestyle education program for judges, and was honored with the USDF Lifetime Achievement Award. She continues to volunteer in USDF and has been with Challenge of the Americas since its inaugural year of 2002.

Betsy Steiner

Team PURINA Coach

Betsy Steiner's career spans more than 40 years of training and showing horses at all levels. She represented the United States at the 1990 World Equestrian Games in Stockholm, Sweden, aboard her own exuberant Dutch Warmblood, Unanimous. With a lifetime of wins, Betsy and her mare Swiss owned by Whitney Bailey, have started showing this season in the Intermediare II making their way to Grand Prix.

Bill Warren

Team PURINA Coach

Bill Warren is a FEI 4* judge, a Bronze, Silver and Gold medalist and USEF "S" judge. He believes in the classical approach to training and has educated many horses and students to the FEI levels, including Grand Prix. An avid competitor, Bill maintains an active show schedule throughout the year and trains out of Warren-McMullin Dressage in Massachusetts from May through October, and in Wellington, Florida from November through April.

Diane Creech

Team WRIGHT DRESSAGE Choreographer and Coach

Diane Creech of Caistor Centre, Ontario, has been a Canadian fixture in the international ring for decades. She helped Team Canada earn a silver medal at the 2007 Pan Am Games in Rio de Janeiro and was named the reserve rider for the 2015 Pan Am Games. Diane was also the reserve rider for Team Canada for the 2012 London Olympic Games. In February of 2022 she placed fourth in the Grand Prix and Grand Prix Special at the AGDF7 CDI5* in Wellington, FL.

Patti Thompson

Team WRIGHT DRESSAGE Coach

Patti Thompson of Wellington Florida, has spent her life working with horses and has trained horses and riders through the levels including FEI. She is an “L” graduate with distinction and earned her USDF Bronze medal. With strong roots in classical dressage, Patti works with students who compete not only in dressage but also eventing, combined driving and Western dressage. She is a lifetime member and founding pioneer of the WDAA (Western Dressage Assn of America) and a WDAA USEF “r” judge.

Collier Wimmer

Three Wishes Freestyles

Team WRIGHT DRESSAGE Music

Since 2011, Collier Wimmer has partnered with horse and rider combinations to create extraordinary freestyles that have shown and won at Regional and National Championships, international CDIs, CPEDIs, Nations Cups and World Cup Qualifiers.

At the heart of a freestyle is a story and Collier believes every combination has a story to tell. Inspired by our horse partners and music that moves, she is a master storyteller creating freestyles worth dancing to.

Ruth Hogan-Poulsen

Freestyles From A to C

Team WINGED FOOT

Choreographer and Coach

Ruth feels that the use of music with dressage is the perfect way to introduce the sport to the public as well as help all levels of riders improve their training and relationships with their horses.

“The development of the dressage freestyle as an entertainment vehicle is a huge step forward. Freestyles make dressage more accessible to non-riders. The more people that can enjoy our performances, and appreciate the beauty and training of our horses, the more support that becomes available for our teams.

“Rhythm is one of the most important components in riding horses in any discipline. The use of music in training and in competition enhances the riders’ ability to regulate rhythm.”

Ruth’s freestyles have been represented in every national championship possible, as well as the Pan Am Games, Para Olympics, the WEG and much more. She also works with many first time freestylers and JR riders to teach them HOW to ride to music and how to incorporate it into their daily routine.

A special thank you to Emilie Goddard for all her help in organizing Team Winged Foot.

Coach

Ever since Emilie first came to Wellington as a working student years ago and saw the Challenge of the Americas for the first time, she has been itching to be a part of it. Now, as Assistant Trainer and Barn Manager of Ruth Hogan Poulsen’s Bespoke Farm, she assists Ruth in all aspects of coaching Team Winged Foot - creating the pattern, selecting music, and even sewing the costumes.

Tigger Montague

Spirithorse Productions

Team BIOSTAR

Choreographer, Music and Coach

Tigger has been making dressage musical freestyles since 1990. She apprenticed under former U.S. Ice Dancer Doug Mankovich, when editing music was done on reel-to-reel analog equipment. She has developed and ridden freestyles from first level through grand prix.

Tigger is the owner of BiostarUS, a company that produces and distributes whole food supplements for horses and dogs. Her company supports several important charities including: Canine Companions for Independence, which trains dogs for people with disabilities; The American Farmland Trust, which helps save family farms and promotes sustainable farming practices; and Friends of the Earth, a charity that is part of a global network to support solutions to deep-rooted environmental problems.

Music**

Carlos Agüera started riding horses in Colombia when he was eight years old and enjoyed jumping until he went to college. He studied music at the Musicians Institute in Los Angeles, California, and has dedicated his professional life to writing musical scores for movies. He has written original scores for more than 12 movies and 20 TV series. Two years ago, he returned to riding and gravitated toward dressage. He discovered he could combine his passions by creating musical freestyles and has enjoyed volunteering his time and talent to design a musical freestyle for Team Gady Bloemers/Merrill Lynch Wealth Management.

JUST IN THE LAST FEW YEARS...

2019 — American Cancer Society releases its biennial report on breast cancer citing a 40% decline in breast cancer deaths between 1989 and 2017, and more than 3.8 million people in the U.S. living after a breast cancer diagnosis.

2019 — BCRF funds first round of grants in the Precision Prevention Initiative, because while deaths from breast cancer have declined the incidence of breast cancer has not. Launched in late 2018, the overarching goal of this multiyear program is to challenge the research community to explore new emerging technologies and multidisciplinary approaches to accelerate breast cancer prevention research for years to come. This first round of awards specifically focus on prevention of aggressive breast cancers—those most likely to be lethal—such as triple-negative and BRCA-driven breast cancers.

2019 — The American Society for Clinical Oncology identifies combination therapies as one of the major advances in treatment for advanced breast cancer in its Annual Report on Progress Against Cancer. Combination therapies are not only extending lives but reducing toxicities for patients with breast cancer.

2020 — BCRF embarks on a new collaboration to improve early breast cancer detection and reduce false positive exams in women with dense breasts. About 40 percent of women over the age of 40 have dense breasts, which can make reading and detecting breast cancer on a mammogram difficult. This groundbreaking new study called CMIST (Contrast-Enhanced Mammography Imaging Screening Trial) combines mammography and vascular-based screening methods for a more efficient screening approach in women with an increased risk of breast cancer.

2021 — The National Comprehensive Cancer Network recommends the use of the Breast Cancer Index (BCI) assay, developed by BCRF investigator Dr. Dennis Sgroi. The BCI predicts which patients with early-stage, HR-positive breast cancer should extend anti-estrogen therapy beyond five years. Another BCRF investigator, Dr. Fergus Couch, publishes the results of the first large, multi-center study (CARRIERS) to improve the accuracy of breast cancer risk assessment for women without a family history of the disease.
